

The IU Bloomington chapter of the American Association of University Professors invites you to the Indiana premier of “Starving the Beast”

STARVING THE BEAST examines the power struggle on college campuses across the nation as political and market-oriented forces disrupt and reform America's public universities. Is higher ed a *business* or a *public good*? The AAUP defends affordable, high-quality, accessible college education as a RIGHT, not a COMMODITY.

Shown by the Ryder Film Series

WHEN: January 31, 7 PM

WHERE: Fine Arts 102
